

ATTD DIABETES TECHNOLOGY FAIR NOW HYBRID!

ATTD 2022 is to host once again its successful International Fair of New Technologies in Diabetes, where start-ups and emerging companies will be displaying cutting edge technologies and medical devices for diabetes treatment. Be at the forefront of this constantly evolving discipline. This year, you can join us **in Paris as well as online** through the virtual platform.

Meet the Experts. Discover the Latest Research. Behold the Next Big Thing.

Benefit from presenting your innovations to experts as well as prospective clients:

- o **Join** key opinion leaders and fellow inventors as they discuss the latest R&D findings.
- o **Gain** access to leading companies - and investors interested in funding the next major invention in the field.
- o **Introduce** your design or product to entrepreneurs, whose venture capital can turn your bright idea into a reality.
- o **Network** with inventors and scientists from all over the world.
- o **Maximize** exposure for products and technologies by presenting them to a global audience

*Take your invention to the next level! Sign up today for this exciting package:
